WORLD PEACE

creatively disrupted

1. write your own, or select one of the existing Expressions of Peace
2. Include your intentional, assuring words. it's your promise to all, on blockchain
3. It's a peer-to-peer consensus. Either individually or as a group, acknowledge
4. expect officials recognizing them, reflecting to all: a common sense and collective intelligence
5. observe and have some peace, together

create new EoP or select one from existing EoP for NFT

1

mint @ blockchain

this will give you $peace and NFT: that is to access PeaceMakerDAO

2

individually or as an org, utilise $peace token: acknowledgement of civil and proposing new versions of EoP

3

officials will be feeling responsibility of their nations. that's why, we'll implement conditional expressions.

4

observe and have some peace, together
